*Achieving the Sustainable Development Goals in the Region of the Eurasian Economic Union. Statistical abstract / Eurasian Economic Commission. – Moscow, 2019 (preliminary version)*
Changes in the Fertility Section of the 2020 Census Questionnaire

Fertility (for women 15 years and older)

How many children have you born?
✓ Indicate the number of children
✓ no one

How many are alive?
✓ Indicate the number of children

Among those:
➢ boys
➢ girls

Date of birth of first child
[ ] [ ] [ ]
month year

Indicate the date of birth of the first-born child (even in case The child is not alive or does not reside with you)
[ ] [ ] [ ]
day month year

Indicate the date of birth of the last-born child (even in case The child is not alive or does not reside with you)
[ ] [ ] [ ]
day month year
Expected results

How many children have you born alive?

✓ Indicate the number of children
✓ no one

Among those:
➢ boys
➢ girls

Indicate the date of birth of the first-born child (even in case the child is not alive or does not reside with you)

Indicate the date of birth of the last-born child (even in case the child is not alive or does not reside with you)

Coverage of all live-born children, disaggregated by sex, throughout the life of a woman until the census moment

Determining the start and end of woman’s reproductive activities at the census moment
Thank you for attention!
