

CR8 Meeting on 8th August 2024 (Video Conferencing)

The following monitoring system at different level is followed in Bihar:

At State level:

- Inter Departmental Coordination Committee (IDCC) meeting at least once in a year. This meeting is chaired by the Development Commissioner of the State and all concerned department heads and stakeholders/partners participate to review state level progress of births and deaths registration, challenges and bottlenecks and support required from each department and stakeholder/partner.
- Monthly Review Meeting with all District Statistical Officers to review monthly progress of Births and Death Registration at the Districts level. This meeting is chaired by Chief Registrar – Births and Deaths in Bihar. The meeting is held either in person or virtually.
- Regular analysis of births and deaths registration data and giving feedback to the districts.

At Commissioner level:

- Deputy Director (Planning and Development) undertakes monthly review meeting on the progress of Births and Deaths registration in the districts coming under the commissioner.

At District level:

- District Magistrate (also District Registrar-Births and Deaths) conducts monthly review meeting with the District Statistical Officer and other officers from concerned departments to review the progress of Births and Deaths Registration in the districts and any challenges and support required.
- Special Campaign to the health institutions each month by the district statistical staff to check any backlog between the number of deliveries and births registered.
- Monthly review meeting with the Block Statistical Officers (who are also registrars in the rural areas) and Asst. Statistical Officers (who are Registrars in the urban areas) by District Statistical Officer on the progress of births and deaths registration at block level and also at the Registration Unit level.

At Block level:

- Block Development Officer undertakes monthly review meeting with the BSO and other key informants and stakeholders on the progress of births and deaths registration.

Apart from the above, Deputy Chief Registrar – Births and Deaths and Unicef officials undertake field level monitoring/inspection visits and supportive supervisions to the districts, blocks and registration units periodically.
