

Resilience: 2025 Review – SEA

Key questions to indicate a resilient CRVS system

Number of countries included in the graph from the SEA sub-region: 10

Some additional considerations/questions for deliberation...

- What are key lessons learned from the COVID-19 pandemic and recent climate change crisis shocks?
- How can CRVS systems coordination be improved with disaster management authorities?
- What type of anticipatory action activities are helpful for CR, VS and ID staff to undertake as disaster preparedness actions?
- How often should disaster preparedness SOPs for CR, VS and ID functions be reviewed and revised?
