

Asia-Pacific CRVS Research Forum

3–4 April 2023 | Bangkok, Thailand

Speaker Bio: Mr. Godfrey Ngoboka, Ministry of Health, Rwanda

Mr. Ngoboka is a CRVS Coordinator from Rwanda Biomedical Centre, Ministry of Health, Rwanda. He will be presenting at the forum on the topic, "A sustainable CRVS eLearning course to upskill competencies of practitioners in the registration of vital events: Experiences from Rwanda".

Mr. Ngoboka is a Biostatistician interested primarily in strengthening CRVS systems and improving the reporting of high-quality mortality data to support informed public health decision making. He has vast experience working with governments of low and middle-income countries, focusing on promoting new innovations in mortality reporting using verbal autopsy tools to sustainably improve CRVS systems.
