

Group work

Sri Lank and Maldives

General Overview :

- Sri Lanka has 96% coverage of BR (within 3 months) and 100% Death registration
- Maldives has 100% coverage of BR (within 28 days) and Death registration

Sri Lanka :

4% yet to be reach within CR.

Challenges :

- Vulnerability e.g. population living without any shelters , Children born of not legally married parents
- Demography, Socioeconomical Vulnerability,
- Late registration in North and eastern region impacted / gone through terrorism
- Street Children
- Internal Migration : State sector

Maldives

Though 100 coverage , yet,

Challenges :

Registration of migrant workers is challenging

Question 2 :

- Maldives : Census , Demographics health survey , Other surveys at National Level ; Data from DHIS from decentralized level
- Sri Lanka: Census , DHS ,LFS (labor force survey) , Income and expenditure survey , Child Activity Survey ; **Note:** From Census planned in 2024 will lead to an overview on civil registrations

What Support needed

Sri Lanka and Maldives :

- Technical Support e.g. Consultants (both international and national)
- IT infrastructure support
- Coordination mechanism- across the actors
- Best practices across the board / from other countries

Thank you
